Elena,

We should be able to compile and finalize this request by the first week of August. You should expect to receive it toward the latter part of that week.

Can one of you please respond to this question of how long it would take to gather the info he's looking for? I need to let him know if he needs to go

the CPRA route.

You mean did he submit a request through the NextRequest system? No. Is that what we are going to make him do? How long would it take to do the data? At some point we have to decide whether or not it's worth it to antagonize a reporter like Grover by making him go the bureaucratic route.....my experience in this arena says not, but that depends on how labor intensive this request really is.

How long would it take to gather this information for the one location for four months? I will let him know that we are working on it.

Hi Elena,

Hope you've been hanging in there.

I need some info about encampment clean ups. Can you tell me the number—and dates—of all clean ups that BOS did at the Gower/101 encampment in January and February 2020, and the same information for May and June 2020. This would include CARE clean ups, trash pick ups, etc. Please specify the type of clean up on each date.

Call if you have any questions.

Regards,

Joel
